

Methamphetamine Investigative Workshop

February 17–19, 2010 ♦ Phoenix, Arizona

About the Training:

The manufacture and distribution of methamphetamine is one of the fastest-growing drug problems facing the nation. The rapid spread of methamphetamine from the western United States to other parts of the country is an increasing challenge for law enforcement personnel nationwide. The covert nature of drug laboratories and the hazardous chemicals involved in methamphetamine drug operations pose unique challenges for law enforcement managers and investigators. Investigations must be properly managed to ensure effective and safe outcomes.

In response to this challenge, the workshop, designed for state and local law enforcement officers, addresses the operational aspects of managing methamphetamine investigations, as well as problem areas specific to these types of investigations.

Training Objectives:

- ♦ The Methamphetamine Problem
- ♦ Manufacturing Methamphetamine
- ♦ First Response and Lab Scene Procedures
- ♦ Investigation Techniques
